Erratum to: Theobroma cacao L. pathogenesis-related gene tandem array members show diverse expression dynamics in response to pathogen colonization

Andrew S. Fister¹, Luis C. Mejia^{2,3}, Yufan Zhang⁴, Edward Allen Herre³, Siela N. Maximova^{1,5} and Mark J. Gultinan^{1,5*}

Erratum

The original version of the manuscript [1] contained an incorrectly named Criollo gene ID on chromosome 1 in the first sentence, under the subheading “Organization of PR gene families into tandem arrays”. The second gene on chromosome 1, Tc##_g#####, should therefore be **Tc01_g000020**.

Submit your next manuscript to BioMed Central and we will help you at every step:

- We accept pre-submission inquiries
- Our selector tool helps you to find the most relevant journal
- We provide round the clock customer support
- Convenient online submission
- Thorough peer review
- Inclusion in PubMed and all major indexing services
- Maximum visibility for your research
